EDWIN O. HEUSER SPEAKS AT ROTARY

Former Seymour Man Relates Experiences During Last Two Years Spent in Russia.

BOLSHEVISM A WORLD MENACE

Many Troubles in America Are Traceable Directly to Bolshevik Propaganda.

"Newspaper and magazine accounts of the horrors of Bolshevism have not been exaggerated in the least; in fact they have been stated in milder terms than actually exist," said Edwin O. Heuser, in an address at the Rotary Club today. The relation of incident after incident from his own experience showed clearly that bolshevism is only an extreme form of anarchy. Mr. Heuser was formerly cashier of the First National Bank of Seymour. He has been in Russia for over two years in connection with the City National Bank of New York's Russian branch. Mr. Heuser detailed some of his personal experiences during the revolution when the Bolsheviks under Lenin and Trotsky took charge of the government. There were many times when he and his associates were in personal danger but they succeeded in escaping always even though at one time they were held with the understanding that they were to be killed if any Bolshevik should be killed by the American soldiers advancing into Russia.

Mr. Heuser said that the ignorant, illiterate classes represent about eighty per cent. of the population of Russia. These men have had no privileges but have been mistreated always. Now that they have come into authority they are overturning all civilized forms of government and all business institutions. Each man or group of men organizing as bands obtain permission from the government to go out and seize whatever they find and want. Taking life is no hindrance to the accomplishment of their end. One Bolshevik commissar in Petrograd was shot by the Bolsheviks because in the first month he held office he had issued only 4,000 death warrants while his predecessor had exceeded that number.

Mr. Heuser stated that much of the trouble we are having in the United States at this time is due to Bolshevik propaganda which is being spread insidiously. The idea of this propaganda is not to help Russia but to overthrow the United States government. We are just beginning to realize the quiet but pernicious work which these propagandists have been instilling everywhere. They deserve not only to be deported, but they deserve a great deal worse treatment because of their efforts to overthrow the best government which the world has ever seen. A very large per cent. of the trouble which we have been having the last year in America can be traced directly to Bolshevik influence.

Dr. L. M. Mains presided at the Rotary meeting today. The song service was led by Ed Elsner. Fred Williams of New Albany, who organized the Seymour Rotary Club was present and expressed his appreciation of the growth and work of the club and extended a New Year's greeting. Announcement was made that several will probably attend the Fort Wayne meeting in February.

CHAMBER OF COMMERCE TO HOLD MEETING TONIGHT

Urged That Large Attendance Be Present at First Session of The Present Year.

The regular meeting of the Chamber of Commerce will be held at the city building at 8 o'clock tonight. This is the first meeting for 1920 and the officers and directors are anxious that a large attendance be present.

C. B. Davis, secretary, stated this afternoon that several important matters would be presented for the consideration of the members. The telephone rebate question has been before the directors and this matter may be presented. Mr. Davis said that he had communicated with the state public service commission, but had received no reply to his last letter.

BUSH OPPOSES PLAN TO HOLD ONE DAY SESSION

Lieutenant Governor Would Lead Attack on the New State Tax Measure.

By United Press
Indianapolis, January 6—Lieutenant Governor Edgar D. Bush today attacked the limitation feature of the one day session of the Indiana legislature which Governor Goodrich proposes to call for the ratification of the national women's suffrage amendment. Bush said the session would be unconstitutional and therefore a gentlemen's agreement would not be effective.

It is understood he would lead an attack on the new tax law inasmuch as he is basing his candidacy for the republican gubernatorial nomination in a platform containing opposition to the law as one of its planks.

"I am in favor of calling a special session of the legislature," Bush said, "for the purpose of ratifying these suffrage amendments and for the purpose of attacking other such needed legislation, noticeable the reconstruction of the tax law."

NAMED MEMBER OF STATE COMMITTEE

George F. Stahl, Jr., to Represent District in New Live Stock Producers' Association.

UNFAIR PRACTICES ALLEGED

Committeemen Will Cooperate With Farmers' Association to Remedy Certain Conditions.

George F. Stahl, Jr., who lives south of the city, president of the Jackson County Federation of Farmers' Association, was named yesterday as a member of a state committee of a new branch of the association to be known as the Live Stock Producers' Association. Mr. Stahl represents the tenth district on the committee and will serve for two years. More than three hundred live stock producers in the state attended the conference which was held in Indianapolis.

The sentiment was expressed at the meeting that so far as the war by government officials on high prices had been concerned, the consuming public and the producers of live stock had been the "goats." It was pointed out that a decline of \$12 on a 100 weight for hogs cost the farmers of the nation hundred of thousands of dollars.

TO GIVE ADDRESS ON PRESENT DAY QUESTION

The Rev. F. A. Hayward to Speak at K. of P. Hall Tonight on "Industrial Unrest."

Some time ago the Masonic Lodge of Seymour closing a twenty-four hour session asked F. A. Hayward to speak and he delivered an address on Masonry and in a practical way linked it up with the problems of the hour declaring that the lessons of Masonry should help toward solving them.

Several of the men present were interested in the presentation and a committee waited on Mr. Hayward asking if he would be willing to deliver the same address again to the organized labor of Seymour.

The address tonight, is a development of that talk and will be in the nature of a study rather than a final declaration on "The Industrial Unrest." It will touch the reasons for the unrest, what lies behind the unrest, Americanism, Foreign labor and domestic employees, and a discussion of the steel, coal and railway labor situation.

The meeting is open to the public and ladies are especially invited. No charge will be made.

A musical program will precede the address. It will be presented by Leonard Bartlett vocalist, Norman Barkman, violinist, and his daughter Norma Barkman, pianist.

"A Study of the Industrial Unrest" will be subject for discussion at the K. of P. Hall January 6.

INQUIRIES MADE ABOUT EXEMPTION

Return Required Under Revenue Law When Income is Exactly Equal to Exemption.

ALLOWANCE FOR DEPENDENTS

Single Person May be "Head of Family" If He is Sole Support of Relatives in Household.

Many local people who believe they are required to file a return under the income tax law are making inquiry as to what exemption is allowed. The blanks must be filed before March 15. The revenue act provides an exemption of \$1,000 for single persons, \$2,000 for married persons and heads of families, and an additional exemption of \$200 for each person dependent upon the taxpayer, if such person is under 18 years of age, or incapable of self-support.

Twenty thousand persons last year paid a fine of \$5 each for failure to file an income-tax return for 1918, although their income for that year was not taxable. The delinquents last year were persons whose income exactly equaled the amount of the exemptions and who considered it unnecessary, therefore, to file a return, and others whose in-

COMMISSIONERS IN TWO DAYS' SESSION

Dr. P. A. Zaring Appointed County Physician to Serve for Term of One Year.

ROAD PLANS ARE ADOPTED

Philip Zable Awarded Contract For Burying Paupers at \$72 For Each Person.

The board of county commissioners completed a two days' session this afternoon. Several important matters for consideration required the board's time making a two days' session necessary.

The board this morning appointed Dr. P. A. Zaring, a Brownstown physician, county physician for the year.

Philip Zable, Brownstown undertaker, was awarded the contract for burying persons dying at the county poor farm. He offered the lowest bid which was \$72.00 for each person. The same contract was awarded a year ago at \$60.00 for each person buried and years ago the same contract was bid off as low as \$25 for each person buried.

The board today approved a petition for the improvement of the Niewedde bridge in Brownstown township.

The commissioners adopted plans and specifications for the improvement of a road in Vernon township with cement and the contract will be let at the next session. The improvement is to be made where the Muscatuck river overflows the road making it impassable, in its present condition, for several days following an overflow.

Before adjourning the session today the board approved the bond of Frank Schornick, county clerk-elect, who will take office in February. The bond was for \$20,000 and is secured by a reliable bonding company.

Notice.

All persons knowing themselves to be indebted to the late Dr. M. F. Gerrish will please call at my residence at once and settle said accounts. After January 31 the accounts will be placed in the hands of a collector so that the estate may be closed.

ELSNER EXPECTED TO ANNOUNCE SOON

State Senator Practically Decides to Enter Congressional Race in Fourth District.

BENHAM WILL BE CANDIDATE

Ex-Congressman Dixon May Get Into Race Shortly—Politics Begins to Buzz.

Friends of Senator Edward P. Elsner, state senator, declare that he will be a candidate for congress from the Fourth district, subject to the decision of the Democratic party at the primary election to be held next May and that he will make his announcement soon.

Senator Elsner has been considered a likely candidate for several months but as yet has failed to make a public announcement. Prominent men in local democratic circles are encouraging him to get into the race and declare that he will be one of the strongest men that can be offered for the position by the Democratic party.

It is the opinion of supporters of Lincoln Dixon, of North Vernon who was defeated by Congressman John S. Benham, at the last election, that he will also be a candidate for the democratic nomination. However,

HEARINGS AT ELLIS ISLAND

Most of Radicals Placed Under Arrest Express Willingness to Return to Russia.

By United Press
New York, January 6—Pursuing a policy of seeking individuals and searching out secret meeting places of alleged Reds, department of justice operatives here today had added more than fifty prisoners to the list of those being held for deportation hearings.

Included in this number was the executive secretary of the New York, State communist party. The only addition to the Ellis Island party yesterday was the right hand man of Ludwig C. Martin, "ambassador from soviet Russia."

Hearings began at Ellis Island under the direction of Byron Uhl, acting commission of immigration, who said he faced a serious overcrowding with about 1,200 radicals scheduled to arrive from all parts of the country.

The action of the war department designating Camp Upton as a concentration point came just in time according to Uhl.

Nearly half of the prisoners questioned thus far have declared themselves ready to go back to Russia.

TREATY MAY BE MADE EFFECTIVE NEXT SATURDAY

German Delegates Will Sign Protocol—Docks and Tonnage Demands Reduced.

By United Press

Paris, Jan. 6—The ceremony placing in effect that treaty of Versailles will be held in the cloak room of the foreign office at 4 o'clock Saturday afternoon, it was stated semi-officially today. The German delegates after signing the protocol will be handed the allied note reducing the demands on Germany for the surrender of docks and tonnage and granting a delay of thirty months for delivery.

Ratifications then will be exchanged the Germans signing first and then representatives of the fourteen allied powers who ratified the Versailles pact. Allied troops will be started immediately to occupy the various territories where plebiscites are to be held. Transportation of these troops through Germany will last eleven days.

FUR PRICES REACH HIGHEST FIGURES

Industry is Exceptionally Active in County This Year and is Found Very Profitable.

SCORES OF TRAPS OPERATED

Estimated That Furs to Value of \$15,000 Have Been Sold Here—Receipts Lighter Now.

The fur industry has always been an item of more or less importance in Jackson county, but was exceptionally profitable this year because of the record prices which were paid for pelts. The quotations started to advance late in the season and the trappers who held their catches until after the first of December received about 150 per cent. more than those who sold early in the winter. It is estimated that about \$15,000 worth of furs have been marketed here during the present season. The receipts are lighter now than they were a few weeks ago and local buyers are of the opinion that the heaviest sales have already been made.

J. F. Shiel, veteran fur buyer in Seymour, today recalled the difference in the prices now and only a few years ago. Skunk pelts which

STATE MEMORIAL BUILDING IS PLANNED BY GOVERNOR

Matter Will be Presented at Second Special Session of State Legislature.

By United Press

Indianapolis, January 6—The subcommittee of the general committee in charge of erecting a war memorial building to provide quarters for war veterans and patriotic organizations, including the national headquarters of the American Legion, was assured by Governor Goodrich yesterday that he would lay before the Legislature at a second special session this year the question of the state's co-operation in the construction of the memorial.

"The matter of considering the part the state is to play in honoring the veterans of the war is too important to be disposed of at the one-day session which will probably be called this month," the Governor said.

"At a second special session, which I will call regardless of the action of the Appellate court on the tax law, full consideration can be given to the memorial plan."

The members of the committee that called upon the Governor were Charles F. Coffin, president of the Indianapolis Chamber of Commerce; Judge Solon J. Carter and Fred Hoke. They were appointed Saturday to ask the Governor to include in his call for the one-day session the matter of the memorial. After the conference the members of the committee expressed satisfaction at the promise given by the Governor.

CONTROL IN HANDS OF CONSERVATIVES

This Group in Miners' Convention Confident of Indorsement of Recent Strike Settlement.

EXPRESSIONS OF RADICALS

President Lewis Feels Sure Commission Will Grant Higher Wages to Miners.

By United Press

Columbus, O., January 6—Conservatives among the 2,000 miner delegates in session here at the United Mine Workers of America convention were confident today that the strike settlement action of international officers would be indorsed.

Many of the delegates are ready to stand back of the agreement made with the government by Acting President John L. Lewis and William Green, secretary-treasurer, but they want some definite information to carry back to their locals.

Some delegates voiced the belief that the miner officials should have gone to jail rather than submit to the demands of the government. A number of the delegates urged the convention hold the report of the international officers until President Wilson's commission has reported. They want the miners' convention to convene again to consider the award of the commission.

In answer to a question raised by a delegate, President Lewis said:

"You can't question the honor or integrity of the commission. If we can prove to this commission that we are entitled to a raise, we'll get it and I believe we can prove it."

All today and tomorrow are expected to be taken up by the committee in discussing the motion to endorse the action of miners' officials in settling the strike.

Putting Lewis and Green in jail would not have gotten results, declared J. C. Lewis, president of the Iowa district. He rapped Fuel Director Garfield as "an autocrat and a tyrant." Lewis urged the unanimous adoption of the officials' report.

"The miners are getting returns with interest on action displayed by their ignorance at the polls," shouted Fred Mooney, of West Virginia.

Homer Davies, of Illinois, opposed the agreement under which the miners returned, because at the Cleveland convention it was decided, he said, that the scale committee could take no action toward an agreement unless with the consent of the convention.

"The miners have been handed a pig in the poke," declared Davies.

A number of the delegates urged the convention hold the report of the international officers until President Wilson's commission has reported. They want the miners' convention to convene again to consider the awards of the commission.

BELIEVE SOLUTION OF TREATY CONTROVERSY IS IN SIGHT

Mild Reservationists See End of Fight—W. J. Bryan Wields His Influence.

By United Press

Washington, January 6—A solution of the treaty controversy is definitely in sight, mild reservationists said today. They declared that by Friday of this week negotiations will have reached the point of definiteness never heretofore attained.

William J. Bryan, mild reservationists said, is likely to receive credit for the solution. His influence brought to bear upon democratic senators is responsible for a change of front in democratic ranks, it was declared. Reservationists today are carefully guarding details of what they are confident will prove the acceptable compromise. They center around new reservations of Article 10.

LEESVILLE MAN DEAD

Funeral of Joseph W. Hutchinson Held This Morning.

The funeral of Joseph W. Hutchinson, an old and highly respected resident of Leesville, who died Saturday night, was held from his home this morning under the auspices of the K. of P. lodge of that place. The deceased is survived by six sons, one daughter, together with several relatives living in this county. The deceased was widely known in the western part of the county where he had many friends. Interment was in the Liberty cemetery.

HOBOS ARE SCARCE

Fewer Tramps Have Visited City This Year Than Ever Before.

Hobos stopping in this city to beg a lunch or a night's shelter at the city jail have been fewer this season than ever before according to members of the police department. In years past it was a nightly occurrence, during the winter months, to have some unfortunate person to apply for admittance to the jail to escape the cold. The requests are believed to be due to the fact that there is no need for men to be shifting from one place to another to find employment.

INDIANA FOLKS

Testify About Coughs, Colds, Lungs

Fort Wayne, Ind.:—"At one time through exposure at the breaking up of a hard winter, I caught a severe cold which settled on my lungs. This caused me to cough continually. It was so bad I had very little rest day or night, could not sleep, just about the time I would get to sleep I would have a severe fit of coughing. I soon began losing weight and grew weak. I kept getting worse all the time, until I was a walking skeleton. Three bottles of the 'Discovery' completely cured me of my cough and much to my surprise my heart trouble as well. I gained in weight and was once more hale and hearty. I am sure I owe my life to the use of the 'Golden Medical Discovery.'"
—GEO. F. ALCELE, 68 Portage Ave.

Goshen, Ind.:—"It is now about fifteen years since I had a wonderful demonstration with Dr. Pierce's Golden Medical Discovery. I had coughed night and day for a whole year and had lost so much flesh I began to look like a walking skeleton. Two of my sisters had died with tuberculosis and I felt certain that my time had come, too. A friend recommended Dr. Pierce's Golden Medical Discovery to my husband and it gave new strength and vitality right from the start, and in a year's time I was just as strong and hardy as ever."
—MRS. ELIZA TEETER, 415 Middlebury St.

Muncie, Ind.:—"When I had a severe cough, night sweats, loss of weight and appetite and the other things that lead to consumption, I was induced to try Dr. Pierce's Golden Medical Discovery. I took it faithfully for about 40 days, and gradually I gained; the cough disappeared and I put on flesh and got strong again. I took no other medicine at the time. I have had no cough for 14 years, since I was cured by 'Golden Medical Discovery.'"

Fine Metals Have Given Maxwell its Rank

THE very substance of which a car is made denotes its quality; and the use of fine and strong metals in the Maxwell has won it many, many friends.

It was necessary to make the Maxwell chassis of the very best materials. For its great mission was to transport—in an extremely economical way—as great a passenger load over the same road and at the same speed as the larger and heavier cars.

Thus it was obvious that the Maxwell had to be light. And to make it light the quality metals were used.

Metallurgists, the men who have made the study of metals a science, say that it compares favorably pound for pound with the highest priced cars the world has produced.

But you need not be a metallurgist to discover this "inner goodness" in a Maxwell. Three months will tell; six months will tell you more.

Otherwise Maxwell in five short years would never have grown from a production of 5,000 a year to 100,000 a year.

300,000 Maxwells on the highways of the world today answer most any question you can ask about this great car. Price, \$985 f. o. b. Detroit.

Building and Loan Officers.

The stockholders of the Cooperative Building and Loan Association met at the office of the Association Monday evening and elected as directors for three years, C. D. Billings, E. H. Ahlbrand and Jay C. Smith whose terms had expired.

The annual report of the secretary showed an unusually large year's business, and that the dividends on stock during the year have amounted to a little over eight per cent.

At the close of the stockholders' meeting the directors met and reorganized for the year by reelecting the following officers:

President, C. D. Billings.
Vice President, Jay C. Smith.
Secretary, Thos. J. Clark.
Treasurer, J. H. Andrews.
Attorney, O. H. Montgomery.

he has failed to make a public announcement.

John S. Benham, Republican congressman, who is now serving his first term, will be a candidate for the nomination on the Republican ticket. He made his announcement while home during the Christmas holidays. Mr. Benham is a strong candidate and so far his only opponent is Franklin P. Smith, former pastor of the Central Christian church, who announced his candidacy several weeks ago.

As yet only two candidates for county office, both of whom are seeking the nomination for auditor on the Democrat ticket, have announced. There are five offices to be filled in Jackson county, auditor, treasurer, sheriff, surveyor and coroner. However, politics has begun to buzz and it is expected that there will be several candidates in the field in both parties by the end of this month.

Home Made Bread — *Foundation for the Future*

Crisp, snow-white, brown-crusts slices of home-made bread! The very foundation of a good, wholesome meal.

Such bread has been found in America since the very day of its birth. It builds brain and brawn and bone as no other food can do.

The pioneer mother relied on it, and witness the men she produced—the strong, clear-thinking manhood that made this country great.

The need for such baking continues, for *we* are pioneers, too. *We* must build for the future as *they* did, and build as strong.

The strength of tomorrow is now in the making—we must give the kiddies their due—and the kiddies need mother's baking to help their bodies grow.

Valier's Enterprise Flour will give you the means of baking the best bread ever made.

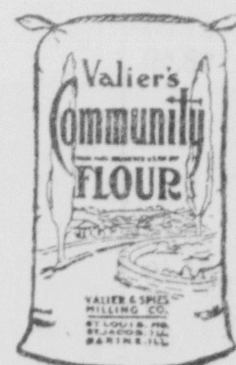

It is milled by a special process from the finest hard wheat grown. None but the best is considered, and we pay an *unusually* high premium for every bushel we use.

Add to this exceptional wheat, rich in gluten, the fineness secured by repeated sifting through silk, and the result is a flour unequalled in the field of good baking.

Of course, such high quality flour costs slightly more in the sack, but it really costs *less* on the table. There are no failures to count as waste.

INQUIRIES MADE ABOUT EXEMPTION (Continued from first page)

come was nontaxable because of dependents, and who were under a similar mistaken impression.

For example, a single man with a net income of \$1,000 was supporting a sister for whom he was allowed an exemption of \$200, placing his income in the nontaxable list. For this reason he did not file a return. When his delinquency was discovered through a return filed by his employer, who is required to report payments of \$1,000 or more to each employee, he was fined \$5.

To avoid penalty every person whose income for the last year equaled or exceeded \$1,000 or \$2,000 according to their marital status or their status as the head of a family, must file a return. The law makes no exceptions, the penalty for failure being a fine of not more than \$1,000.

Whether or not a person is the "head of a family" and entitled to a \$2,000 exemption is a question to be determined largely by circumstances surrounding each individual case. The fixing of his status decides, in many instances, whether his income is taxable or nontaxable.

A head of a family is defined by treasury regulation as "a person

who actually supports and maintains one or more individuals who are closely connected with him by blood relationship, relationship by marriage, or by adoption, and whose right to exercise family control and provide for these dependents is based upon some moral or legal obligation." A single person is the head of a family if he is the sole support of relatives living in the same house with him and if he exercises control of household affairs. The words "sole support" are used in the sense that there is no other person to whom the dependents may look for support. Income from other sources, such as interest on bonds,

stock dividends, pensions, etc., if meagre enough still to leave the recipient dependent, does not preclude a claim for exemption. Such income, however, must be included in the return of the head of the family. The \$1,000 additional exemption allowed the head of a family can not be divided between two single members of a household. A division of responsibility excludes the parties from such claim. A single person who does not qualify as the head of a family may still claim an exemption of \$200 for each person dependant upon him for support if such person is under 18 years of age or incapable of self-support. A son

who has left home but who sends to his mother more than half the sum required for her support is entitled to the \$200 exemption, provided the mother can not support herself. Otherwise the amount must be considered as a gift, and, therefore, is not deductible. A son living at home and supporting his mother may claim the \$2,000 exemption allowed the head of a family, but not an additional exemption of \$200 unless the mother is incapable of self-support.

Miss Helen Dannettell left Monday for Western College, Oxford, O., after spending the holidays in this city. She was accompanied to In-

January Clearance Sale Continued Until Saturday

The January Clearance Sale at this store has been wonderfully successful—hundreds of people in Seymour, Jackson and adjoining counties have taken advantage of the exceptionally low prices on our big stock of quality goods. There are more cents in a dollar when spent at Ben Snyder's store.

Here is an important thing to consider. Manufacturers see no relief from the present prices, in fact they are going up because of higher wages, soaring material costs and other manufacturing expenses. Goods cannot be sold next year at present day prices. But we bought the goods now on hand at a figure that will warrant them being sold at a big saving to you. We still have winter wearing apparel on our shelves and we are going to put such prices on it that it will be sold now. Thus we will be able to continue our policy of not carrying over one season's goods to the next.

Clearance Sale Prices on Boys' Suits

We have in stock a wonderful assortment of about 200 boys' suits which we will place on sale at extraordinarily low prices—in fact cheaper than the manufacturer can produce them today. These suits are of the latest seam fitting models, of serges, worsteds Oliver Twists and such materials that will stand the hard wear that a sturdy, growing boy will give them.

"A TEMPERAMENTAL WIFE"

She had picked her husband from all the men in the world because he wouldn't look at another woman—and then she discovered his secret—he had a stenographer The Brute!

A Peppy Play About Wives and Stenogs

Written by the King and Queen of Satire

John Emerson and Anita Loos

(Themselves just married to each other which makes this story better yet.)

6 Acts of the happiest, snappiest amusement you have ever witnessed. Also Prizma Hawaiian Natures Colors.

CONSTANCE TALMADGE'S first "First National Picture"

With this production Miss Talmadge joins the notable group of stars and directors who are producing pictures for "First National Exhibitor's Circuit"

An association of America's leading theatres, of which the Princess is one at the head list. Henceforth the pictures of Constance Talmadge will be shown exclusively at the Princess. (Not the old ones but the new ones) as are the other "First National" stars and directors. The list of which includes D. W. Griffith, Marshall Neilson, Norma Talmadge, Charlie Chaplin, Anita Stewart, Katherine MacDonald as well as Constance Talmadge and others. Pictures starring the above stars made by First National cannot be compared with other pictures you have seen them featured in.

FUR PRICES REACH HIGHEST FIGURES (Continued from first page)

formerly brought about eighty-five cents on the local market this year sold in the neighborhood of \$6.50. Muskrats a few years ago brought from thirteen to fifteen cents each. The price this year ranged from \$3 to \$3.50. Opossum pelts brought from \$2 to \$2.50 compared with the former price of thirty to forty cents.

A hunter of a few years ago thought that he had made good wages on the day that he killed a red fox and received \$4.50 for the hide. But that was a small price compared to \$25 which the same kind of a hide would bring today. Mink pelts brought from \$8 to \$12 while formerly a quotation from \$.50 to \$2 was considered a high price.

Rabbit hides which are of little use except for trimmings bring about the same price now that they did six or seven years ago. Wild rabbit hides are not marketable at all, and Belgian hare pelts bring from ten to thirty cents each, according to the size and condition.

"The trappers who got to work early this year suffered a loss," declared Mr. Shiel. The law opens November 21, but some of the trappers thought they wouldn't wait for that and set their traps before that date. As a result when they marketed their furs, later they found that they were of inferior quality. The trappers who waited until after the season legally opened sold their catches all the way from seventy-five to 150 per cent. higher than those trapped earlier in the winter."

The fur bearing animals are protected by the state law after April 1st and until November 21st. Trappers declare that while there appeared to be the usual number of fur bearing animals this winter, there will be a less number in the future unless stricter laws for their protection are enacted. The high prices which are paid for pelts has caused an additional number of trappers to enter the industry, and while all of them are not highly successful each additional trap means the loss of a number of the little animals each year.

ASPIRIN FOR COLDS

Name "Bayer" is on Genuine Aspirin—say Bayer

Insist on "Bayer Tablets of Aspirin" in a "Bayer package," containing proper directions for Colds, Pain, Headache, Neuralgia, Lumbago, and Rheumatism. Name "Bayer" means genuine Aspirin prescribed by physicians for nineteen years. Handy tin boxes of 12 tablets cost few cents. Aspirin is trade mark of Bayer Manufacture of Monoacetic-acidester of Salicylic acid.

Gus Hill Has Woman Press Agent.

Miss Elnore Hughes was in Seymour today arranging for the coming of Mr. Hill's "Bringing Up Father in Society" Company which will appear at the Majestic Monday and Tuesday, Jan. 12 and 13 with a special matinee Tuesday.

Miss Hughes gives assurance that this is the same company and production that closed a six weeks' run in Chicago Saturday and is playing in Louisville all this week. After it plays here it goes into the Imperial Chicago for a return engagement. There are 40 people in the company including sixteen pretty girls and several comedians and it is known as the world's greatest cartoon musical comedy.

OUT O' ORDER STOMACHS

Indigestion, Acidity, Sourness and Gases ended with "Pape's Diapiesin"

The moment you eat a tablet or two of Pape's Diapiesin all the lumps of indigestion pain, the sourness, heartburn and belching of gases, due to acidity, vanish—truly wonderful!

Millions of people know that it is needless to be bothered with indigestion, dyspepsia or a disordered stomach. A few tablets of Pape's Diapiesin neutralize acidity and give relief at once—no waiting! Buy a box of Pape's Diapiesin now! Don't stay dyspeptic! Try to regulate your stomach so you can eat favorite foods without causing distress. The cost is so little. The benefits so great.

WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Pour three-quarters of an ounce of Mentholized Arcine into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcine in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

sands in cold cash, many of these hogs being fattened on high-priced feed. It was declared that the consuming public had not benefited to any appreciable extent because of this decline, but that retail prices were practically what they were in the peak period.

Several speakers blamed Attorney General Palmer for urging a reduction of prices for live stock while everything that the farmer uses has

80 YEARS OLD—FIT AS A FIDDLE

"I had a bad case of stomach and bowel trouble that four doctors could not help. Suffered all kinds of pain, was filled with gas and constipated for years. I was advised to use Mayr's Wonderful Remedy. Since taking a course of it four years ago my trouble has disappeared and have felt like a young man. Although 80 years old, I feel fit as a fiddle." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At druggists everywhere.

not only held its level but in many instances has gone higher. The clean bill of sale in the packers' investigation also was condemned by several speakers, and criticisms of points brought out by Governor Goodrich in a recent address made in the East were voiced. Among "unfair practices at the Indianapolis Stock Yards" were included the rules and regulations which prevented a farmer from feeding his stock with his own feed, the prevailing practice on commissions and the other "leaks" which brought the net income of the producer down to a lower figure than if direct dealing or a co-operative company controlled by the farmers existed.

John G. Brown, president of the federation, presided at the conference, and Lewis Taylor acted as secretary. The committee appointed to draft the recommendations which resulted in the decision to form a permanent live stock committee was composed of C. C. Fisher, Randolph County; Lewis Carr, Knox County; and W. J. Lawson, Benton County.

Whether or not a co-operative live stock company is to be formed with headquarters at the Indianapolis stock yards, with the ultimate purpose of conducting the business on a regular commission basis, with a rebate based on the amount of live stock sent to the company, figured from the profits each year, is a matter that will be considered by the newly appointed live stock committee.

William Schroer, Edward Hoferkamp and Edward Bucheimer left this morning for Fort Wayne, after spending the Christmas holidays with relatives and friends in this city.

Clarence Rittman, who has been spending the vacation with his mother, Mrs. August Rittman, west of the city, returned to Concordia College, Fort Wayne, this morning.

Miss Elsie Miller has returned to Western College, Oxford, O., after spending the Christmas vacation with her parents, Mr. and Mrs. L. F. Miller.

What Keeps a Battery Young?
To be reliable, a storage battery must have well-made plates. Battery solution must be proper strength and required purity.
Battery jars must be mechanically strong and must allow no leakage of current or battery solution.
But it's the insulation between the plates that keeps that battery full of life and adds months to its term of useful service.
Drop in and ask us to tell you about Threaded Rubber Insulation, and some of the records it has made in keeping batteries on the job far beyond what used to be the battery age limit.

I watched him round the corner of the cabin, not wholly at ease in my own mind, then gathered up the map and replaced it in my pocket, aware that Eloise had not moved from her position on the grass.

"Is he right?" she questioned, looking up at me. "Is there any real danger of Indians?"

"Some, perhaps; it is all Indian country, north and east of here—or has been. I am not denying that, but this danger does not compare, in my mind, with the peril which confronts us in every direction. I am trying to choose the least. Our greatest difficulty will be the lack of food—we possess no guns with which to kill game, only pistols, and an exceedingly small stock of ammunition. That is what troubles Tim; that, and his eagerness to get back down the river. He fails to realize what it would mean

Have You Lost Your Health?
Have you been so busy that you have forgotten about your body—the most delicately adjusted machine in the world—until some weak part has broken down and you are afraid?
No one knows how long the body should live—if it has intelligent care, but we do know that without a sufficient supply of vitalizing, life-giving oxygen it wastes away, and dies—just as a plant droops and dies for lack of water.
Disease is merely the lack of some constituent element of the blood that is necessary to maintain life. Oxygen is the life-giver, the blood-builder—the germ-destroyer. But pumping oxygen into the lungs is not enough. The blood must assimilate it. Iron attracts oxygen just as the magnet attracts steel—therefore, if your blood is abundantly supplied with organic iron it attracts the oxygen from the air in the lungs and the blood is vitalized with life-giving oxygen.
REOLO supplies the blood with organic iron (in a form that is easily assimilated) vitalizing oxygen and the cell-salts that nourish and rebuild the cells of the body. It has wonderful tonic qualities and rapidly increases the number of red blood cells and plasma of the blood.
REOLO invigorates and nourishes every cell of the nerves, brain, tissues, fluids and bones; destroys and eliminates the worn-out cells and stimulates the circulation of the blood. It sends through the entire body a stream of rich, red, vitalized blood that renews the strength, energy and endurance.
REOLO has restored thousands of men and women to health and happiness by supplying the natural cell-salts, organic iron and oxygen that Nature requires to restore and maintain health. It is not expensive and is guaranteed to give beneficial results or your money will be returned. The large package of 100 pleasant, tasteless tablets only costs One Dollar.

to you to fall again into Kirby's hands."

"Do you realize?"

"Do I? It is the one memory which controls me. Tell me, am I not right? You despise the fellow; you are willing to face any hardship so as to escape him?"

"I would rather die than have him touch me. Surely you cannot deem it possible that I could ever forgive?"

"No; that would be hard to conceive; and yet I wished to hear the words from your own lips. Will you answer me one thing more—why did you first assume the character of Rene, and why did you repose such instant trust in me?"

"I think I myself hardly knew," she admitted timidly. "It all happened, was born of impulse, rather than through any plan. Perhaps it was just the woman in me. After my father died, Delia thought it best to tell us the story of Rene's birth. This—this was such a terrible tale, and later we sought all through his private papers, hoping he had taken some action to set those two free. There was no proof that he had, no mention, indeed, except a memorandum of intention to refer the matter to Lawyer Haines at the Landing. This merely served to confirm what Delia had told us, and, as Haines had gone to St. Louis, we were unable to see him. We were all of us nearly crazed. So I suggested that we run away, and drew money out of my private account for that purpose. My only thought was to take a steamer up the Ohio, to some place where we were not known, and begin life over again. Oh, you cannot understand—I had no mind left; only a blind impulse to save them."

I caught her hand in mine

"Perhaps I do understand. It was my knowledge of this very condition which first brought me to you."

"You heard about us on the boat—the Warrior? Did father tell you?"

"No; it was Kirby. He was actually proud of what he had done—boasted to me of his success. I have never known a man so heartlessly conceited. Eloise, listen. You may have thought this was largely an accident. It was not; it was a deliberately planned, cold-blooded plot. I tell you that Joe Kirby is of the devil's own breed; he is not human. Rene's father told him first of the perilous conditions at Beaucaire."

"Rene's father! Does—does he still live?"

"No; but he did live for years after he disappeared, supporting himself by gambling on the lower river. At one time he and Kirby were together. After he died Kirby investigated his story in St. Louis and found that it was true. Then he laid this plot to gain control of everything, including both of you girls. The man dreamed of owning Beaucaire, of possessing all it contained. He was willing to risk everything to carry out his hell-born scheme, and to ruin everyone who interfered with him. I am telling you all this, Eloise, because it is now time you should know. Will you not tell me just how it all came to you?"

Her hands flew to me, as though she dare not let go, her eyes were filled with a mingling of wonderment and pain.

"Why, of course. We thought it best not to go until after we could see the lawyer. I could not believe my father had neglected to set those two free—he loved them both. Delia and Rene had gone down to the Landing that night to see if he had returned. We were both of us afraid to leave Rene alone—she was so despondent, so unstrung. It was dark and I was all alone in the house. Then those men came. They did not know me and I did not know them, but I was sure what they came for. I was terribly frightened, without an idea what to do—only I refused to talk. All I could do was to pray that the others might be warned and not return. They searched the house and then left this man Tim to guard me. He told me he was a deputy sheriff from St. Louis, and—and I encouraged him to explain all he knew about the case. Then I made up my mind what to do—I would pretend to be Rene, and let them carry me off instead of her."

"But did you not realize the danger to yourself?"

"No, I suppose I didn't, or, rather, I did not care. As I thought about was how to save her. These were law officers; they would take me to St. Louis before a court. Then I could make myself known and would be set free. They couldn't do anything else, could they? There was no law by which I could be held, but—but, don't you see? The delay might give Rene time to escape. That was not wrong, was it?"

REPUBLICAN POLITICS IS TUNED UP FOR CAMPAIGN

General Wood Says Greatest Issue is Maintenance of Law and Order.

By United Press

Chicago, January 6—The Republican national organization was "tuned up" for the 1920 campaign today.

The pitch and the harmony were established by National Chairman Will H. Hays; presidential aspirants, Gov. Frank O. Lowden and Major Gen. Leonard Wood and several women leaders, at a banquet here last night—the eve of the first anniversary of the death of Theodore Roosevelt.

The speakers were unanimous on one subject—knocking the reds, revolutionists and others who seek to overthrow the American government.

Chairman Hays said there was a remedy for "the I. W. W., or what not—it is taken against the wall, standing."

Gen. Wood declared the great issue of the day was maintenance of law, order and respect for constituted authority. "Ninety-nine per cent. of the labor organizations are on the square and wants to run straight," he declared.

He advocated placing labor "under American leadership and taking it out of the hands of reds, wherever they have gained control.

"Don't make America the dumping ground for the degenerates of the world," he declared.

Gov. Lowden urged men and women to take a greater interest in their own government so that unrest and dissatisfaction could be eliminated.

The speech made by Chairman Hays was taken as significant in that it outlined more explicitly some of the questions on which the Republicans will "go to bat" during the 1920 fight. They are:

A "fair" representation for labor in all councils of the nation.

Closer relations between capital and labor with justice to both and also the public.

Sympathetic help for business during the economic reconstruction, not antagonistic curtailment.

Strong repressive measures against all reds and revolutionists who seek to overthrow the government.

Adequate taxes, but none for extravagance.

Plans for extending payment of the war debt over a long period.

Strong federal regulation but no government ownership or undue federalization of industries.

Elimination of controversies between groups or sections as much as possible.

Women speakers backed up the sentiments expressed by the men leaders.

Mrs. Medill McCormick declared "we must make this an American America."

The meeting of the women's section and various other groups continued today, outlining campaign plans.

Greek Christmas.

Tomorrow will be observed by the Greeks here as Christmas. They determine date by the Julian calendar which is thirteen days later than the Gregorian calendar which is in general use. The business establishments owned by Greeks here will be closed tomorrow in celebration of Christmas.

SCIATIC PAINS QUICKLY RELIEVED

Keep Sloan's, the World's Liniment handy to allay aches

THOUSANDS of men and women, when the least little rheumatic "crick" assails them, have Sloan's Liniment handy to knock it out. Popular a third of a century ago—far more popular today.

That's because it is so wonderfully helpful in relieving all external aches and pains—sciatica, lumbago, neuralgia, overstrained muscles, stiff joints, weather exposure results. A little is all that is necessary, for it soon penetrates without rubbing to the sore spot. Leaves no muss, stained skin, clogged pores. A bottle today is a wise precaution. Keep it handy.
